Postal money orders only to: Joe Casola
No personal checks or Paypal

Do not print this double sided with the BOS

Instructions for Titling

Rules

- Bike or scooter must be 30 years or older
- Bike must not currently have a title in another state
- Must not have a salvage, rebuilt or any other sort of title currently issued (That is title washing and is extremely illegal.)
- If you have questions, call.

What we do:

- Title motorcycles and scooters with good original vin's that are older than 30 years that are **not going to be titled in the state of Tn.**

What we don't do

- Title bikes that have aftermarket numbers, custom non-oem engines or numbers that will be directly titled in the state of Tn
- Sell titles for you to stamp your own numbers. (That's forgery)

Instructions

1. Please fill out the **SELLER and VEHICLE SECTION** of the form below. Do not fill in the sale price.
2. **THE BILL OF SALE MUST BE NOTARIZED!!!**
There can be NO STRIKE OUTS OR CORRECTIONS!!
3. **Provide a clear photograph of the vin and bike** You can take a picture and print it on your computer. You can take it and text or email it from your phone.
4. Take the pictures and the notarized bill of sale and send it to the address at the top with a **postal money order** for 250 dollars for post 1931 and up and 500 for 1930 and below and out of country.

It takes almost exactly 10 business days for me to receive the titles back from the state from the time I file it. If I am a bit backlogged it may take up to a week to get them filed. As soon as I receive the titles back I will send them to you signed on the back accompanied with a notarized BOS from me to you. If you have any questions feel free to give a call. - Joe Casola
